## **Bring Your Own (BYO) iPad Extended to ALL Year 1-6 classes in 2024**

Dear Parents and Guardians,

Embedding digital learning into every classroom is one of our school's core strategic plan priorities. I wish to sincerely thank the many parents who nominated their child to participate in our 2023 BYO iPad classes. Based on the success of our 2023 BYO iPad classes, a decision has been made to extend the BYO iPad program to all Year 1-6 classes starting in 2024.

A BYO iPad purchasing portal has been set up for Arundel Families on the school's website. This portal can be used to purchase all the required items for the 2024 BYO iPad Classes. Parents are encouraged to compare prices from different retailers before making any purchases. It is important to note that Arundel State School does not receive a commission on any purchases made through this portal.

In 2024, parents will no longer be required to purchase individual apps for their child's iPad. Parents will be required to register their child's device through Microsoft Intune which will allow the school to push out the required apps for each year level.

If for any reason you are unable to provide your child with an iPad, we encourage you to scan the QR code and register your interest for the school to provide a device for your child.

More information can be found on our school's website under Curriculum > Bring Your Own Device.

If you have any questions or concerns, please contact Mrs Mollie Evans.

Thank you for your continued support as we integrate technology into our classrooms, preparing our students for a digital future.

Yours in Education,

Mr Landon Dare  
Principal
