# The Arundel State School Required Apps for 2021

This list may be added to at the teacher's discretion and we will endeavour to keep paid apps to a minimum. If teachers discover a new app they will send a message requesting the app. We recommend when setting up an iPad to set limits for game apps and YouTube in the settings menu. We also suggest that you set 'Downtime' and lock app limits and downtime with a pin that is not known by the student.

## Microsoft Office software

All Queensland state school students can download multiple free copies of the latest Microsoft Office to their personal home computers and mobile devices.

Students and staff will need to use their school email address to sign in. Students who don't have a school login, school email account and password should contact their school's Managed Internet Service (MIS) administrator or class teacher. The administrator will help students activate their school login.

Your Office subscription lasts for as long as you're a Queensland state school student or school-based staff member.

## Download process

For PC and Mac, visit the Office Portal, login using your school email address, click through to install and follow the onscreen process.

For tablets and smartphones, download from your app store and sign in with your school email address.

If you have trouble, please refer to the instructions on how to download and install Microsoft Office 2016 to your personal home computers:

- Install Microsoft Office 2016 on a personal Windows device (PDF, 711KB).
- Install Microsoft Office 2016 on a personal MacOS device (PDF, 1.1MB).
