

Arundel State School

Student Resource Scheme (SRS) 2026

List of resources to be provided by Students Not Participating in the SRS

Year 3 to 6

If you choose to opt out of the Arundel State School Student Resource Scheme (SRS), you will need to ensure your child is provided with the essential resources, including access to the online learning, which will require you to contact the supplier to arrange this. A list of necessary classroom resources is below. Please purchase these items and send these into the classroom teacher to enable your student to participate fully in classroom activities.

What is provided by the Queensland Government?

The Queensland Government supports children's education by providing funding for instruction (teachers), facilities (school grounds and buildings, internet), and administration (staff to run the school). Funding for schools does not extend to individual student resources such as online subscriptions, apps, equipment, stationery and arts and craft materials for personal use, and the many items used by the student in the classroom. The Student Resource Scheme has been initiated by the Arundel State School Council and the scheme's operation, resource inclusions and participation fees were approved by the Arundel State School P&C Association at the meeting held on 13 October 2025.

*** Please note the bulk buying power of Arundel State School enables purchasing of the Apps at a much more effective cost. Should you choose to purchase the On Line Learning Apps yourself, you will be paying a much higher price. The required App's are covered by the SRS. SRS at Arundel State School for 2026 is \$85. Please complete a Participation Agreement Form to join.*
